In the shopping plaza next to Toys R Us,
Half Price Books, across from the Everett Mall

For the following tests FASTING is required:

CBC
CHEMISTRY PANEL
THYROID PANEL (TSH, T4 TOTAL, T3 UPTAKE, THYROXINE INDEX)
LIPID PANEL
MAGNESIUM
URIC ACID
IRON

Fasting is Required at least twelve (12) hours before the test. This means no food intake. However, we do ask that the patient drink plenty of water to stay hydrated.

*Lack of hydration could make the veins weak and will most likely result in a difficult draw.

The following tests are Non Fasting:

VITAMIN D
PEDIATRIC/ADULT PANEL OF THIRTY-TWO (32) ALLERGENS

For **Non Fasting** patients, we ask that they are fully hydrated as well.

For Children:

For blood work needed on children, we ask that you call to make an appointment for the child. This way we are better prepared to handle any unforeseen issues that may arise.

Children, as well as adults, should follow the requirements stated above for the assurance of a pleasant experience.
