Thank you for your interest in Raw Milk at TruHealth. To avoid milk expiring, and to keep prices affordable, below are the TruHealth procedures for Raw Milk:

- Pre-paid milk must be paid before ordering to receive the discount price.
- If milk is pre-paid and has not been picked up within 5 days, we will do our best to contact / remind you. If the milk has not been picked up within 7 days, it will be put back out for sale or donated. You will then have store credit for the amount to be used on a future purchase.
- If you are unable to pick up your milk, please let us know so we can have plenty of time to sell it while still fresh.
- We appreciate when people pre-pay for the month (or several weeks) for their milk to keep the price of the milk down.
- 50 cent processing fee for charges under \$10.00
- Charges over the phone require \$1.00 credit card processing fee.
- WAC-RCW [15.36.021](#) and [69.04.398](#)
This product has not been pasteurized and may contain harmful bacteria. Pregnant women, children, the elderly and persons with lowered resistance to disease have the highest risk of harm from use of this product.
